## ABOUT

Since 1965, Campus Events Commission (CEC) has been one of the largest purveyors of campus entertainment. Since its inception, it has acquired a reputation for its edgy style of advertising and controversial events. Still pushing the envelope today, CEC has remained a student-run, student-funded organization, dedicated to introducing the freshest fare in film, music and speakers into the UCLA community.

Be it media seen or heard, Campus Events Commission is constantly in search of that which is as evocative and diverse as its audience.
